

JIM JEFFRIES IS READY TO MAKE THE FIGHT OF HIS LIFE.

Champion Puts on Finishing Touches at the Reliance Club and is Ready for Battle Tomorrow Evening.

By JOSEPH E. BAKER.

Big Jim Jeffries placidly chewing gum while he was being rubbed this morning presence was distinctly bovine appearance. His attitudes and manner are laudable rather than loquacious. Everything about him suggested strength in confident repose combined with latent ferocity and capacity for terrible celerity. He is wide between the eyes. His skin is cool, his pulse slow and regular, and his speech soft almost to gentleness. As a fighter one would class him with the mastiffs rather than the bulldogs. His rugged features are not vicious in aspect, but his wide open eyes indicate fearlessness of the calm, self-contained sort.

Stripped to the buff he tipped the scales at 212½. Yesterday he weighed 215. He had just eaten for breakfast four chickens, a quail and a number of accessories to a modest diet. Your fighter must have his bite and sup if he would stand the strain of battle. By this afternoon Jeffries will probably be a pound or two heavier than he was this morning.

Weight to a man in training fluctuates with the hours, and the daily weighing signifies nothing unless there should be an abnormal rise or fall beyond the average. The big fellow is easing off in his work. He did not box today. He played with the weights awhile, punched the bag for a half hour, and then skipped the rope for a spell. Tomorrow he will exercise, but little. It will all depend upon how he feels. If his limbs or muscles show no hint of stiffness he will take it easy during the entire day, reserving all his powers for his contest in the evening with Ruhlman.

Everything the champion did gave evidence of quickness and power. His frame is so massive that his movements have a deceptive air of slowness. But there is nothing slow about them. They are made with such ease and lightness that one fails to realize how rapid they are.

Although he was just playing with the bag, he exhibited extraordinary swiftness and hitting power. If Ruhlman is not a better man than he has ever shown himself to be, his chance of winning this fight is small indeed. He fanned the scales at 212 yesterday, and that is considered a very heavy weight for a boxer. It indicates too much on the stomach.

Notwithstanding the brood of chickens he had just swallowed, Jeffries was as lank in the middle as a freedman's mule. He will be no padding about his middle. Whatever may be thought of the business of fighting, physical excellence must always excite admiration. Jeffries skipping the rope with the lightness of a Highlander toiling off the sword dance is a perfect picture of strength, grace and agility. As the sports say, his footwork is peachy. Nobody ever saw him so light on his pins before. He is cleaner limbed than formerly. There is not so much beef about the heels, and his tread is not so heavy. He moves about like a big cat. His hitting is cleaner and straighter than it used to be. From heel to crown there is a harmonious blend of

DAMAGE DONE BY EARTHQUAKE.

Southern and Southwestern Utah Come in For a Lively Shaking Up.

SALT LAKE, Utah, Nov. 14.—Advices received today from the more remote sections of Southern and Southwestern Utah show that last night's earthquake shock was very heavy in some localities and considerable damage was done. The shock was apparently the heaviest at Beaver City, where the Mormon meeting house, the Court House and the Beaver Academy were badly damaged, especially the latter building, whose walls show great cracks as a result of the shock. Chimneys were toppled over and plate glass all over town was shattered. Hardly a house in the town escaped damage, many of them being badly cracked. No fatalities are reported. Another slight shock was felt at Beaver this morning. At Cedar City, Kanab and Panguitch the shock is reported as being very severe; plastering was shaken from walls, dishes were broken and brick buildings cracked.

KILLED BY A TRAIN. LOS ANGELES, Cal., Nov. 14.—John Ludeman, a machinist, was run over and killed by a switch engine at River Station this morning. The wheels of the engine literally crushed the whole of the lower part of the body, and the unfortunate man died before reaching the Receiving Hospital.

MAKES AN ASSIGNMENT. NEW YORK, Nov. 14.—William D. Lowrey & Co., consolidated brokers, have made a general assignment.

JUDGE J. G. SWINNERTON IS DEAD.

STOCKTON, Cal., Nov. 14.—Judge J. G. Swinnerton, well known throughout California as a jurist and orator, died at his home in this city at 8 o'clock this morning. His death was due to a general breaking up of the system. The deceased would have been 57 years of age on the 21st instant. He was born in Wisconsin and came to California in 1852, his father being a pioneer. He was educated at the University of the Pacific, and taught school in San Jose for some time, after which he entered the law office of Bodley & Rankin. He was admitted to the bar in 1880. He lived in Eureka, Humboldt county, ten years, practicing his profession there. Later he moved to Stockton. He twice married,

a son, James, who is now a well known newspaper artist, being born to his first wife. He married Mrs. Bransford, daughter of Dr. Barnes of Ukiah, in 1878, and she survives him. The deceased leaves a considerable estate, but was not insured. He was a Mason, an Odd Fellow and a Knight of Pythias. A meeting of the Stockton Bar Association was called for 1:30 o'clock to make arrangements for the funeral. The deceased, who was Judge of the Superior Court of this county for a number of years, was one of the ablest lawyers in the State. He frequently appeared on the platform for the Republican party, and during his career he delivered many interesting lectures.

MR. AND MRS. W. C. GILES ARE BURNED TO DEATH IN THEIR CABIN IN CISCO MOUNTAINS.

Mr. Giles was Superintendent of W. J. Dingee's Mine and was Once Prominently Connected With the Oakland Water Company—Daughter Lives.

Mr. and Mrs. W. C. Giles until recently two of the best known residents of this city were burned to death in their cabin at Cisco Tuesday night.

The victims were charred in a most frightful manner and no person was aware of their danger until the flames had done their deadly work.

They died at Cisco, where they had taken up their abode about two years ago and where Mr. Giles was in charge of one of the most profitable of the mines of William J. Dingee, president of the Contra Costa Water Company.

The home was of humble style and dimensions but it was well appointed with the rugged but serviceable means of comfort which taste, means and experience could supply in that section. And, among these, was an ample fireplace the glow and warmth of which served to cheer the miserly, his isolated life and to ward off the rigors of a wintry atmosphere which had set in with unusual severity.

The fatality occurred last Tuesday night. There was no witness to it. Confession alone can furnish an explanation of the accident. It is believed that the flames of the fireplace did the ghastly work.

On the night in question the cold of the mountain was intense. Cutting winds swept over a large expanse of mountain which was covered with snow. Logs were piled high in the grate with a view to keeping a genial temperature

In the sleeping apartment during the night. The flames in some manner communicated with the cabin, and the bed coverings and caused them to burn so rapidly that, upon being aroused from their slumbers, Mr. and Mrs. Giles were unable to protect themselves or to summon assistance from among the hands employed at the mine, who were, like themselves, asleep at the time, unconscious of the danger of their friends and superintendent and his devoted wife.

When the horror of the holocaust became apparent to the attaches and neighbors, every heart was saddened and a sloop which cannot be dispelled was cast over the camp, because Mr. and Mrs. Giles were not only well known but also highly esteemed by all who knew them. Not alone were they deprived of their lives, but not a vestige of their cabin, furniture or personal belongings survived.

The sorrowful news was wired to this city and caused even more profound grief than it did in the mountain fastness, because, in every relation of life in which Mr. Giles figured here, he was considered able, energetic, conscientious and successful. The same was true, though in different lines, of Mr. Giles' unfortunate helpmate.

There is but one feature which may afford Mr. and Mrs. Giles' friends a small ray of comfort, and that is that their family was not exterminated. That such would have been the case had their little daughter been with them is a fact which cannot be controverted, because the little one is but 8 years of age and could in no way have averted the fate of her par-

ents. Such a fate has been averted from the now parentless girl, however, simply by her presence with friends in this city at the time of the holocaust, owing to the rigor of the mountain winter.

The remains are now on their way to this city and will arrive here tomorrow. They are under escort of Edward McGary, secretary of the Contra Costa Water Company, who is an old friend of Mr. Giles, and who met the remains at Colfax this afternoon.

Mr. Giles was 45 years of age. He was a native of England. He had resided in this city for twelve years. During the greater part of that time he was superintendent of the Oakland Water Company. Shortly after the consolidation of that concern with the Contra Costa Water Company Mr. Giles was appointed by his friend W. J. Dingee superintendent of the Dingee mine in Cisco county, which had everything that could compel a liberal return save a competent superintendent.

Mr. Giles realized the hopes centered in him by his principal. The mine became a source of revenue to the owner and a means of emolument to the superintendent because he, too, was in a reciprocal manner liberally provided for by Mr. Dingee. The intelligence of this great unutterable fatality will cause mourning all over this city and extend even to the distant East, where the news will sorely grieve W. J. Dingee, the man who had tried Mr. Giles and found him true.

Arrangements for the funeral have not yet been made.

RATHBUN IS FULLY IDENTIFIED.

Insurance Swindler Meets Friends in Prison and Answers to His Name.

JEFFERSONVILLE, Ind., Nov. 14.—N. C. Rathbun was identified here today by Deputy Sheriff Al Chichester and E. J. Gloeckner, from Little Rock, Ark. The meeting between the prisoner and the Arkansas visitors took place in Sheriff Ray's office.

"Hello, Rathbun," said Gloeckner. "Don't you know me?" was the first salutation.

"Yes, you're Gloeckner," responded the prisoner.

"Did you give that man the dope?" asked Gloeckner.

"I am not guilty of the crime as charged."

"Did your wife know anything about your scheme?"

"She might have thought about it."

"Why, didn't she identify the body as not being yours?"

"I can't tell. She's an excitable woman."

"What about the statement of Carrie Prentiss that you wanted her to go into an insurance swindle with you?"

"She is an enemy of mine."

At the conclusion of the interview Rathbun signed the following paper for the purpose of proving his identity in Little Rock:

"To whom it may concern: I am in custody in Jeffersonville, Ind., awaiting trial. I will send this by Al Chichester and E. J. Gloeckner."

(Signed) N. C. RATHBUN. A special Grand Jury will be summoned next Monday to indict Rathbun.

CONVICTS HELD UP THE PORTER.

Made Him Stay on the Platform While the Pair Took a Free Ride.

FLORENCE, Kas., Nov. 14.—Two of the convicts who escaped last week from the Fort Leavenworth penitentiary boarded a west-bound Santa Fe passenger train at Clements during the night, and forced the porter, who tried to put them off the blind baggage, to extinguish his lantern light and remain on the platform with them. The pair jumped off the train at Florence and took refuge in the heavy timber near there. A posse of Leavenworth guards came in on the fast mail two hours later and started in pursuit.

No captures have been effected since the three men were taken at Cottonwood Falls Tuesday night, and nine convicts are still uncaught.

SAFE IS WRECKED. TERRE HAUTE, Ind., Nov. 14.—The safe in the post office at Rockland was blown open by burglars with dynamite last night. They secured about \$200 worth of stamps.

MISS STONE SAID TO BE KEPT IN CABIN.

Brigands Are Now Living in a Hut in the Southern Part of Bulgaria.

SOFIA, Bulgaria, Nov. 14.—Miss Ellen M. Stone and Madame Tsilka, the captain of the brigands, are said to be occupying a hut in the village of Southern Bulgaria, to which they are closely confined. There is reason to believe that a conference of the secret committee held at Dubnitz favored a release of the ransom demanded, and that as soon as it comes within the range of the funds at the disposal of Consul General Dickinson he is ready to seal the proposal. Photographs of ex-President Sarafot of the Macedonian Committee have been circulated among the troops on the Turkish side of the border, in consequence of the belief that he is now with the brigand bands in the vicinity of the frontier.

CIVIL SERVICE FOR ROOSEVELT.

The President Will Be Guided by Rules in Making His Appointments.

WASHINGTON, Nov. 14.—President Roosevelt today announced that in making civil appointments in the insular possessions of the United States he would adhere to the principles of civil service. He declared this policy to Clinton Rodgers Woodruff of Philadelphia, of the National Civil Service Reform League. Mr. Woodruff is chairman of the Committee on Dependencies, and called to ascertain what the President's policy would be in the insular possessions would be dictated or controlled by political considerations.

LONDON, Nov. 14.—The examination of Miss Vanderbilt Wakeman of New York, who was taken to St. Giles' Hospital yesterday as a wandering lunatic, was held privately at the Infirmary today before a Justice of the Peace. The report of the investigation has not been made known officially, but the marked improvement in Miss Wakeman's condition leads to the belief that she will be handed over to her relatives so soon as they are able to arrange for her care. The authorities have received communications from her relatives.

HOTEL GOES UP IN FLAMES.

Special to the Bee From Forest Hill Says the Westville Hotel is Destroyed.

SACRAMENTO, Cal., Nov. 14.—A special to the Bee from Forest Hill, Placer county, today says:

The hotel at Westville, eighteen miles east of this place, was destroyed by fire on Tuesday about 4 o'clock in the morning. It was the property of J. B. Duggs.

At Sator Canyon some miles above Forest Hill, the home of Chas. Giles was destroyed by fire. He and his wife received such severe burns that both have died. The fire was caused by an overturned lamp. He was a ditch agent about 50 years old, and the couple were quite popular. They also had numerous acquaintances in Oakland.

GOL. MAPLESON IS DEAD.

LONDON, Nov. 14.—Colonel Henry Mapleson, the operatic manager, died today in London of Bright's Disease. He was president of the International Society of Music.

HEAVY FALL OF SNOW. SYRACUSE, N. Y., Nov. 14.—There has been a heavy fall of snow throughout Northern New York. At Malone there is a blizzard and snow drifts six feet high are blocking the railroad tracks. At Cassadaga the snow fall was six inches. In this city, street railway traffic is impeded by the snow.

DIED VERY SUDDENLY. MONMOUTH, Ill., Nov. 14.—Wm. S. Weir, head of the Weir Pottery Company and president of banks at Monmouth, Alexis and Little York, died suddenly here today, aged 66 years.

TWO PISTOL BATTLES IN WHICH THREE MEN ARE WOUNDED

Italians Engage in a Business Dispute and Then Draw Weapons and Shoot to Kill.

SAN FRANCISCO, Nov. 14.—Two pistol battles, both arising from the same cause, took place this morning, and three men were wounded. One of the participants is fatally injured, while the other two received less serious wounds.

Filip Calderella of 559 Howard street is at the Central Receiving Hospital with a bullet hole through his head and another wound in the shoulder. The shots that will probably result in the death of Calderella were fired by his nephew, George, a lad of 13.

The other wounded man, Special policeman George King, shot in the left hip. George Orlante, wounded in the left hand, Orlante received his injury in a duel with Joe Mangene, another Italian, who is still at large. Louis Calderella, George Orlante and George Orlante are under arrest.

The participants in the shooting are retired, but it is supposed that the original trouble had its inception in a business dispute between Filip and Louis Calderella, who are brothers, and were a short time ago partners in a fruit store at 102 Second street.

ANOTHER SHOOTING. This morning a telephone message was received at the Harbor Police

EXPLOSION IN A VIRGINIA MINE.

Twenty-five Men Were Injured But None are Reported on the Death List.

POCAHONTAS, Va., Nov. 14.—At 2 o'clock this morning fire broke out in the Baby mines near here, caused by defective electric wires. A great portion of the mine fell in and a terrible explosion followed. It is not known how many men were in the mine, but upon a fire alarm being given firemen and others rushed in to rescue those who might be caught. Then the explosion followed. As a result twenty-five men were badly injured, many fearfully burned, but none dead so far as is known. The work has been stopped and everything is being done to put out the fire and rescue those entombed.

It is the first explosion here since the big explosion about fifteen years ago, in which almost 100 men were killed.

WILL MAKE A DEFENSE IN COURT.

The Man Who Shot and Robbed His Friend at San Jose Will Make a Fight.

SAN JOSE, Cal., Nov. 14.—The father of Frank Newman, the San Francisco youth who shot and robbed Mr. A. Arps near Guadalupe on Tuesday evening, today said he had found an attorney for his son, who now refuses to talk further about the matter. The officers are still convinced that the shooting was done for the purpose of robbery and that Newman gave himself up only when he saw that his victim was alive and had the use of his gun. Arps is not yet out of danger, though his condition is not alarming.

TWO GIRLS WANT TO BE ABDUCTED.

Leave Their Homes in Philadelphia and Expect to Land in Macedonia.

PARIS, Nov. 14.—The Turkish government is much exercised over the report that two American girls named Delaney and Stetson, have started for Turkey with the idea of getting captured by brigands in a manner similar to the case of Miss Stone.

The Turkish legation here has received a dispatch from the officials at Constantinople to investigate the matter. It is thought the girls will pass through Paris.

A dispatch from Philadelphia published November 2, announced that two girls, Kate Foyle and Flora E. Stetson, had started for Macedonia with the idea of getting abducted by brigands. Possibly this was the origin of the Porte's perturbation.

MURDERER WILL NOT GO FREE.

Massachusetts Supreme Court Says the Prisoner was Given All His Rights.

BOSTON, Nov. 14.—The habeas corpus proceedings of Luigi Storti, the murderer, has been denied by the full bench of the Massachusetts Supreme Court. The petition was based on the claim that under the electrocution act of 1898 Storti was given certain vested rights, while awaiting the execution of his sentence, as to the exact manner of his confinement, which were violated by the warden in changing Storti from one cell to another.

The court holds that the statute on which the petition is based was not intended to confer any rights but established a mere matter of prison discipline.

CRACKSMEN AT WORK.

WAREN, Ohio, Nov. 14.—Safe blowers secured \$100 in money about \$2,500 worth of bonds and \$300 in stamps at the Rock Creek post office last night. The safe was blown to atoms. The robbers also entered the Pennsylvania station and took a sum of money. Then they fled south on a band car. Citizens are in pursuit.

Station to the effect that a shooting had taken place in the brass foundry at 112 Main street. Patrolman Mackay was dispatched to the scene and found that the fusillade of shots had been fired in a fight between George Orlante and Joe Mangene, employees of the foundry. Orlante and his antagonist each fired several shots. Orlante received a ball in his left hand and Mangene ran to the rear of the shop and escaped.

Learning that the man they wanted resided at 559 Howard street, the officers went to the place but did not find their man. Filip Calderella, Mangene's father-in-law started up Howard street, and in the hope that he might lead him to Mangene, Mackay followed on the opposite side of the street. Officer Ingham continued the search in another direction. Filip Calderella walked up Howard street to Third and turned down the latter thoroughfare. As he reached the corner of Natoma street a boy ran up behind him and fired several shots at the old man in rapid succession.

(Continued on Page 2.)

THERE MAY BE DANGER.

Statement Made by a British Secretary Regarding the Nicaragua Canal.

The British Government is Trying to Negotiate a Treaty and Will Retire.

WASHINGTON, Nov. 14.—The statement in a Managua dispatch credited to Mr. Paget, the British Secretary of Legation there, to the effect that the United States has approved the claim of Great Britain to be recognized as a protector of the Mosquito Indians, has attracted the attention of the diplomatic body here. An inquiry indicates that there is danger of a complete misunderstanding of the matter. The British government is endeavoring to negotiate a treaty with Nicaragua which will enable the British to retire from all claim of jurisdiction on the Mosquito coast, leaving Nicaragua in full sovereignty there, with due guarantees for the proper treatment of the Indians, hitherto under British protection.

The United States Government has taken no action in the matter, but it is, of course, to the interest of this country that some such absolute recognition of the sovereignty of Nicaragua should be made and the pending questions arising out of the treaty of Managua between Great Britain and Nicaragua gotten out of the way.

The fact is that so far from acquiring any new privileges on the Mosquito coast, the British government is relinquishing those it now enjoys. The treaty of Managua negotiated about fifty years ago between Great Britain and Nicaragua imposed upon the English government the duty of protecting the Mosquito Indians. Great Britain is now simply to have the Nicaragua government enter into treaties of protection to care for these Indians in the future.

PICKED UP AT SEA. BUENOS AYRES, Nov. 14.—It developed today that it was the bowman and not the first officer of the British bark Chaco, lost off Port Margaret, Staten Island, at the southern extremity of South America, who was picked up by the transport Chaco and brought to this port.

THE TURF.

From the press to the turf is a step taken by many a newspaper man but few have made a success of official turf positions. Charles F. Price, the able general manager of the New California Jockey Club, is one of the few. From a humble beginning in his native town, Louisville, Kentucky, he steadily mounted the step, placing stones to success in turf jurisdiction and within a few years after leaving the pencil and ink took up the

that day to this he has been more or less in the public eye as a racing official and the finger of suspicion or the tongue of scandal has never been directed at him. When the old Louisville Jockey Club went out of existence and new blood, new brains and new capital organized the new club Charles F. Price was the first official engaged, and he held the position until his new duties on the Coast made his resignation imperative. He first came to the Coast in 1898 to act as presiding judge at Sacramento during the fall meeting of that year and came here as presiding judge of the New California Jockey Club was organized when he was made general manager.

The game at Emeryville has steadily improved since the opening day, each

beyond doubt that he is a colt of some class. He never got out of a gallop in yesterday's race, and will be worth a bet in almost any company from now on.

Mortimer is as good now as ever in his life and should have been closer up yesterday, but Hoar did not do him justice. Mortimer is a sluggish horse and requires hustling all the time.

Maresa will do to watch in company not quite so speedily as the ones she met yesterday. She had a world of speed for a half mile and then stopped with all the indications of a racer not ready for a hard race. She will do to watch.

The horses owned by Billy Magrane are all in fine shape now and worth a bet almost any time he starts. Mat Hogan was not well handled by Hoar yesterday or he might have won.

BOXING.

The contests to take place at the West Oakland Club Tuesday are attracting considerable attention and the club is making arrangements to handle a large crowd. The curtain raiser will be four and three round try-outs between promising members of the club, some of whom it is intended to match at the club's next gentlemen's night.

The match between Kid Little of San Francisco and George Baker of San Jose is attracting much attention and should prove a good drawing card. Both men have been in active training for the past few weeks, and reports from their quarters credit them with being in splendid shape. Kid Johnson, who is to meet Billy Lyons, is the main event of the evening, is training with Baker.

Billy Lavigne, manager of the Acme Athletic Club, is out with his full program for the next club night, which is scheduled for Friday. The main event will be a twelve round contest between Kid Johnson and Billy Lyons, who won a round from Jim Jeffries for four rounds and won a nice piece of money for himself. They will box at catch weights, ten rounds for a decision.

The main event will be between Kid Williams and Young Gibbs in 12 rounds and should be a rating contest. Both men are fast and clever and willing. Williams has fought at the Reliance Club and fought well. Gibbs is of the hurricane order of boxers, and it remains to be seen whether Williams can stop his speed with his stiff straight punches.

There is something fascinating about big Jim Jeffries when he is at work in a gymnasium. Yesterday the giant worked a full hour with a smile and a happy countenance, now and then cracking a joke with Billy Lyons, the distinguished foot street wrestler, while a crowd of about two hundred sat or stood in open mouthed wonder watching him. During the hour's work Jeffries was on his toes nearly all the time, as watchful and as agile as a cat. He worked the ball and the rope, punched at the bag, skipped the rope square without putting his heels to the floor or drawing a long breath, and when he finished, the crowd was more exhausted than he. Watching a man go to work so much work and so long a time, it is hard to believe that he is able to take the breath away from anybody not used to it, and such was the case yesterday with nine-tenths of those who were favored with a glimpse of the big fellow at work.

Jeffries feels better than ever before in his life, he says, and he ought to know, but Delaney would rather see him about ten pounds heavier. The big fellow certainly looks the picture of physical perfection, and it does not seem possible that the written man has a lot of the present time who can beat him in a contest of science, strength and endurance.

SAN FRANCISCO, Nov. 14.—Word was received from New York today from Tom Sharkey that he has accepted the offer of the San Francisco Athletic Club. He wired Manager Kennedy of the Athletic Club that he had accepted the offer and signed a contract on his behalf. The probabilities are that a meeting will be held in a few days, and should Jeffries "prove successful" over Ruhlman, he will be scheduled to meet the Irish galloper on December 21. Sharkey has been doing some light training for the past few months at his home at Sheepshead, New York, and he reports himself in fine fettle. As soon as the contract is signed, he will start for the Coast and start his training here. The last contest between Jeffries and Sharkey was of an unsatisfactory character, while Jeffries got the decision, many believed that the bout should have been declared a draw, or even in Sharkey's favor. At any rate, the consensus of opinion was that Sharkey got a bad decision, and on that account "Tom" is anxious to again battle with the big brawler.

The battle of Friday night promises to be one of the most successful yet given in San Francisco. Followers of the sport from all sections of the country have been coming into town during the past few days, and the outlook for a great crowd is very good.

At Petaluma yesterday the open plains coursing was made interesting by the remarkable courage and work done by Siquoc, who was retired in defeat after one of the most stubborn coursing ever seen. The hares provided yesterday were fast and strong and some fine courses resulted. The finals may be decided tomorrow.

A party of 100 business men and sport lovers left Los Angeles yesterday in special cars attached to the regular Southern Pacific train to attend the Jeffries-Ruhlman fight in Mechanics' Pavilion Friday night. They will reach the mole at 7:30 this evening.

Kid McFadden knocked out Tom Hermann in Fresno last night in the eighth round of what was to be a twenty round contest. The fight was fast from the bell tap. Frank Chance, the noted ball player, acted as referee.

Cavanaugh is still in the lead in the six days' go-as-you-please heel and toe contest now going on in Philadelphia. Only twelve of the twenty-two who started remain in the contest. The leader is set-

BOARD AFTER THE UNDERTAKERS

They Must Obey the Law in Regard to Securing Permits For Burial.

The Board of Health met in regular session last night and discussed several important measures pertaining to the sanitary welfare of the city. The following resolution was adopted by a unanimous vote:

"Resolved, That the Health Officer is hereby instructed to strictly enforce all ordinances pertaining to the issuance of permits for internments or removals of dead bodies."

Dr. Kitchings, in supporting the resolution, stated to the Board that heretofore undertakers had acted from precedent and not strictly according to the city ordinances affecting the same. He said the undertakers were hardly culpable, as they had simply followed the usual custom in vogue and it was within his knowledge that several persons were buried and afterwards the burial permit was asked for by the attending physician.

The city ordinance, he stated, had best be followed and more precision shown by having the permit for burial granted before interment took place.

Secretary Doody was instructed to inform the undertakers of the Board's action and furnish them with a copy of the ordinance bearing upon the case.

Dr. J. C. S. Akerly, visiting physician to the Ladies' Relief Society Home in North Oakland, appeared before the Board and asked that the city defray the expense of furnishing the wards of the Home, whenever the same were infected by contagious diseases among the thirty-six orphans residing there. Some discussion ensued as to whether the city should bear the expense, and the matter was finally settled by the Board voting a resolution ordering the furnishing of the wards by employees of the city whenever necessary, without expense to the Home.

Health Officer von Adeling offered for the Board's consideration a set of regulations designed to promote cleanliness among the barbers of this city, and which had been suggested for adoption by the Board by the Master Barbers' Association of San Francisco and the State Board of Barber Commissioners.

The regulations were read, and as some doubt developed as to the Board's power in enforcing the same, the matter was finally disposed of by referring the regulations to the Barber Commissioners for instruction in procedure.

A communication was received from Congressman Wood asking the Board for statistics in connection with the Chinese in Oakland, during the last ten years, that will be evidence in favor of the exclusion of the Chinese from California.

The members present were Dr. J. T. Kitchings, Dr. W. S. Porter, Dr. Edward von Adeling, Health Officer, and President Dr. O. D. Hamlin.

The Garden City bowlers of San Jose easily defeated the Bugeyes of San Francisco in a series of three games played at San Jose. The two teams are now tied, each having won a series of three games. The final series will be bowled in San Francisco on neutral alleys.

"Cash" Sloan, Joe Piggett, Eddie Ross, J. C. Mitchell and Nate Hill, American jockeys who have been riding in Russia and Germany, left Europe yesterday on the steamer Kaiser William der Grosse for their native land, and will probably soon be seen on the local tracks. Fred Foster, the noted horse trainer who once owned Yellowtail, was also a passenger. He is headed this way.

The Director, Mr. J. F. Dupre, has requested the ladies of the school to give a half day lessons each week. He has also organized a class for the STUDY OF THE NUDE which meets on Wednesdays and Saturdays; fee \$5.00 a month. Full course including life, \$25.00.

Auction Sale.

In order to make room for the large consignment of thoroughbreds, I am to sell, by auction, on November 21st and 22nd, I am compelled to dispose of about 30 head of trotting carriage and draft horses, besides carriages, buggies, wagons, etc. There are three finely matched carriage teams with nearly new richly trimmed silver mounted harnesses, some fine heavy and road horses, harnesses, etc. Sale will take place at Occidental Horse Exchange, 721 Howard street, near Third, San Francisco, next Monday, at 12 o'clock noon, November 18, 1901.

WM. G. LAYNE, Auctioneer.
Horses now on exhibition and ready to be shown in harness. Positively no reserve. Everything must be sold. Howard street cars pass the door.

Say, Wife, If I'm a "Brick" Aren't You a Briquette?

You say you like Briquettes so well. So do I you—ever since you have been using them—you get our breakfast in short order and we eat in smiles—don't the Briquettes make a Hustling Fire? I tell you they are Hot ones. All the Coal Dealers in town carry them now—and the supply is unlimited.

TESLA COAL CO. makes them.

You Are Sure

of full weight when you buy your coal of me. Many dealers sell 700 pounds coal for a ton. Perhaps you are buying from one of these short-weight dealers. Take no chances with your next order, send it to me.

ANALYSIS OF J. F. CUTTER WHISKY

In our analysis of the sample of whiskey left with us by you we find the Alcohol by volume to be 47.13% and by weight, 39.80%; the Extractive Matter amounts to 0.85% and the Inorganic Matter to but the minutest of traces.

As the result of those and other tests we find the whiskey to be free from all abnormal or deleterious ingredients; to be up to the standard strength; and to constitute an absolutely pure article.

Vulcan Furnaces Successfully Running

The recent marked successes of the VULCAN SMELTING AND REFINING COMPANY in the operation of their furnaces have created considerable excitement in the mining and metallurgical world. The Vulcan smelter is an iron furnace, and the process, in that they do away with all machinery used in connection with the blast type of furnace and in place of a positive blast use a suction draught caused by the introduction of a jet of steam introduced immediately underneath the gas outlets of the stack, thus forming a vacuum immediately over the smelting zone, the intake of air being through an annular opening all around the furnace, between the crucible and the upper part of the stack and immediately underneath the smelting zone, thus giving a generally distributed roasting atmosphere permeating the entire charge in the furnace, the result of which is the wonderful oxidizing action, which permits of smelting base sulphide ores as they come from the mine (without previous roasting to desulphurize) and burning of the sulphur in the furnace, making use of the fuel values of the sulphur as a reducing agent.

During the Nevada State Fair at Reno, held from the 16th to the 21st of last September, the Vulcan Company had one of its plants on exhibition just outside the Fair Grounds, and treated all ores offered for treatment for test runs. Among the ores treated were the following: A copper carbonate ore, carrying lead carbonate 11 per cent copper and about 42 per cent silica; a lead ore, carrying lead carbonate 11 per cent copper and about 42 per cent silica; a lead ore, carrying lead carbonate 11 per cent copper and about 42 per cent silica; a lead ore, carrying lead carbonate 11 per cent copper and about 42 per cent silica.

A quartzose ore carrying about 2 per cent iron, 31 per cent silica and about 20 per cent copper in the form of a gray copper sulphide, with approximately 2 per cent of the copper of the form of a carbonate, and the balance consisting of clayey matter (alumina).

The flux used was an oxidized iron ore (gossan) carrying about 33.50 in gold, considerable silica and alumina. Fuel used, 9 per cent coke. Furnace ran hot and slag liquid. Product consisted of black copper of about 94 per cent fineness, with 5 per cent of the product in the form of a high grade matte (base metal) as a top layer over bars. Slags assayed 84.0 of 1 per cent copper.

On No. 2—This was a quartz ore carrying oxides and carbonates of copper, 1 per cent iron and 42 per cent silica, with some base material. It ran about the same as ore No. 1, the product being black copper of about 95 per cent purity, with no matte production. Coke used, 10 per cent on charge. Furnace bottom kept hot and tapped easily.

Since the above runs were made the company has had a furnace in operation in Los Angeles, treating ores from that section of the State and from Arizona with even better results than were produced at Reno. The ability of the Vulcan furnace to take raw sulphide ores and pass them through the furnace without previously desulphurizing and turn out high-grade copper bullion, in addition to the small cost of installation and maintenance after installation bids fair to revolutionize the mining and smelting industry. For full information and catalogue address the

Vulcan Smelting and Refining Company, 306 Pine Street, SAN FRANCISCO, CAL.

OAKLAND TRIBUNE.

Tribune Publishing Company

William E. Dargie, President.

SUGAR AND DEPRESSION IN GERMANY.

An enormous crop of sugar beets has been produced in Germany this year. Instead of promoting the prosperity of the country the bounteous yield promises to add to its distress. The large production will cause the price for domestic consumption to fall, which will injuriously affect the producers. Again the grain crop has been a partial failure and there is general industrial and financial depression throughout the empire. It is estimated that the home consumption will fall off 75,000 tons owing to these causes, which will swell the amount for export. As the government pays a bounty on all sugar exported, the increased quantity sent abroad will further financial drafts on the people through the government.

To make matters worse Cuba reentered the field as a great sugar producer and promises to drive Germany out of the American market, in which she has secured a foothold during the past five years, owing to the destructive civil war that devastated the island. The sugar industry of Cuba has revived with wonderful rapidity. As nearly all the surplus product comes to the United States, it will inevitably drive German beet sugar, which is decidedly inferior, out of the market. As the situation stands, Germany will probably be greatly embarrassed by the enormous increase in sugar production, owing to the fact that the sugar industry there is largely an artificial industry stimulated out of bounds by Government bounties.

GORMAN'S RETURN.

The return of Arthur P. Gorman to the Senate from Maryland is a further accentuation of the fact that the two political parties are assuming the old positions they occupied prior to the conversion of 1896 which threw the Democracy into the paroxysms of Populism and aligned thousands of the old time followers of Jackson and Benton temporarily with the Republicans. While the political field has been full of marching and countermarching, shifting and changing the Republican party has steadfastly held to its policies and its leaders, its ideals and its traditions, and today has no apologies to make for heresies to recent.

Our Democratic friends are not so fortunate, but with the return of some ideas of finance and government policy they begin to appreciate the folly of losing New Jersey and Maryland in grabbing after Idaho and Nevada. The faculty of throwing away all hope of New York to gain Nebraska is too apparent now to be debated.

But the Silver Republicans and many of the Populists are back in the Republican party. Kansas and Nebraska are as safe Republican as they were fifteen years ago and the element of the Democratic party ostracized in 1896 is regaining its ascendancy and steering the party into old channels that are chartered and safe.

Senators Jones and Stewart are again in the party fold, and will welcome Gorman back to Washington as an old time antagonist. When they lined up behind Bryan posing as a Democratic leader it was natural that Gorman should take a vacation as a Democratic manager. But as the clown in the circus says, "there we are again." The performance will now go on under the same old ringmaster and according to ancient traditions.

LESSON OF A FALLEN STAR.

Some time ago a new star appeared in the firmament. Astronomers throughout the world turned their telescopes toward the new luminary and watched it with great interest. It steadily increased in brilliancy till it glowed in the heavens like some great diamond. It flashed and sparkled and blazed with increasing splendor to the delight of all beholders. Then the end came. It suddenly paled, shrank and then passed into dissolving shadows leaving a void in the place where it had once gladdened so gloriously.

How often have we seen the same thing occur among men? Some new genius springs into view showing brilliant parts and varied accomplishments. His showy attributes throw everybody around him in the shade. He becomes the center of attraction. His meteoric career is watched with admiration and interest. Great things are expected of him, for the new star shines brighter than any of the old ones. Suddenly the genius flickers and the light fades. There are a few expiring flashes, then a sputter and the illumination totally disappears. The effervescent genius has burnt out and drops to the dull earth unseen like a rocket that has spent its course.

Other men whose less resplendent qualities and attainments were temporarily cast into the dark and obscured continue on their wonted courses undisturbed, holding their natural places by virtue of the law which makes steadfastness and stability the standard of strength and permanency rather than dazzling flashes.

The fallen star and the extinguished genius are but illustrations of the profound truth indicated by the fable of the hare and the tortoise.

A "BRONCHO BUSTER."

Since the Booker Washington dinner Henry Watterson constantly refers to the President as a "broncho buster." This is neither dignified nor witty, and has no reference to the particular incident which incited this rabid display of eldritch. It is of no importance save as the manifestation of a spirit which was aggressively dominant fifty years ago, but which has been rather quiescent for a number of years. It is the same spirit that stigmatized Abraham Lincoln as a "baboon" and held him up to ridicule as the associate of bar room rascals.

But Mr. Watterson may find that President Roosevelt is more of a "broncho buster" than he would have him. He may inaugurate an aggressive inquiry into the persistent violations of the Federal Constitution in certain Southern States and it is possible that he may move Congress to cut off the representation now held in Congress by white Democrats on the strength of suppressed colored Republican votes.

It is quite certain that if he decides to take up these matters there will be some broncho busting for sure, and when the show is over there will not be such an arrogant display of "plantation" manners such as has been offensively in evidence recently. One is not surprised at such epithets being applied to the President by the blatant Tillman. Better things were expected of Mr. Watterson. But he appears to be tamed with the same brand.

Whatever may be the merits of the controversy about the Bible readings in the High School the price at which the book of selections is sold is objectionable to all. It is a small affair, cheaply gotten up, but it is sold to pupils for the exorbitant price of forty cents. Twenty-five cents would be an excessive figure in view of the fact that there is no copy right royalty to pay nor any other expense save printing. The cost of necessary books is heavy enough, but when the parents of pupils are taxed such a stiff price for a book outside the regular course it is crowding the mourners.

Have we not had enough of the sexual vagaries of the Herron family? Social impurity is the same whether it is masked by a bravado of intellectual independence or given way to in confessed defiance to moral law. Dirty things are dirty things, and they are not improved by philosophizing over them. If the members of the Herron family want to be nasty there is no good reason for the press advertising their nastiness.

RHYMES OF THE DAY.

"Bar accidents," Sir Thomas said,
"I'll win, I do declare."
But afterward he changed his tune
To this: "I meant, bar Bar."
—Westminster Gazette.

A noble young Roman named Caesar
Once called on a maid—tried to
—squash—
But the girl, with a blush,
Said the Latin for "Tush!"
You herid young thing! Let me
beast!"
—Baltimore American.

Drink and the world drinks with you,
Stave and you stave alone,
For many are they who will buy you
A drink
But would never ring you a bone.
—J. M. Lewis.

I thought I knew
A thing or two,
And had the power to show
My wisdom in a lucid way.
Until a little one I knew
"Come along, my dear day;
When the summer's past where does it
go,
And where does winter come from—
say?"
—Judge.

Fame and Fortune,
Some men seek to be famous.
While others not so rash
Are satisfied if they can get
Ambitious people's cash.
—Chicago News.

The Nightmare
The nightmare comes to plague us
when
The lights are all put out:
We find ourselves in need of help
And cry in vain to shout,
We suffer all the agonies
Of martyrs at the stake
And just as all seems lost, at last
We manage to awake;
Then in a trice the awful woe
No longer had, dispels, and his
The nightmare comes to teach us that
Our troubles might be worse.
—Chicago Record-Herald.

HOOK CAUGHT HIS FINGER

Frank McKernan, while fishing in Lake Merritt yesterday, accidentally imbedded his fishing hook in one of his fingers. He was in a boat at the time and became so excited by reason of pain and anxiety that he fell overboard. He was promptly rescued, however, and his lacerated finger was treated at the Rescuing Hospital by Steward Borchert.

PRIDE OF THE FOREST.

Fride of the Forest Circle, No. 123, C. O. met this evening with Mrs. Smith in the chair. There was a large attendance. Several new members were proposed.

Pears'

soap does nothing but cleanse, it has no medical properties; for the color of health and health itself use Pears'. Give it time.

Sold all over the world.

PERSONAL AND SOCIAL NOTES.

Miss Wells Will Entertain the King's Daughters at Her Home on Grove Street.

Herbert Whitton and Miss Whitton have returned home after a visit to Napa.

J. W. Bedford, who has been a guest at the home of Mr. and Mrs. Burr at Petaluma, is again in the Athenian City.

Mrs. Ames has returned from a visit to her sons, Ben and Frank, at Petaluma.

H. D. Long is a guest at the Southern Hotel in Madera.

Miss Nellie Meyers has been on a visit to Lodi, where she attended the Hudson-Brooks wedding.

Mrs. J. C. Reams of Hanford is visiting friends in this city.

Mrs. John Turner is visiting friends in Petaluma.

The Monday Afternoon Whist Club was entertained this week by the Misses Nicholson at the residence on Fifth street. Three new members, Mrs. D. A. Proctor, Mrs. Lee Burham and Miss Mae Young, were received into the club. The prizes were won by Mrs. C. B. Parsons and Mrs. E. J. Cotton.

Mrs. John Turner has gone to Petaluma.

Mrs. D. C. Jordan, who has been absent over two months in the East, returned this week. At Denver she contracted a severe cold, which developed into bronchitis, the remainder of the journey to California, and in consequence she is confined to her bed and under the care of a physician. It is expected, however, that she will be out again before many days.

Mrs. J. C. Reams of Hanford is spending several weeks in Oakland as the guest of friends.

Dr. Walter E. Lewis of Oakland has been elected by the State Dental Association to the chair of Orthodontia in the Faculty of the San Francisco Dental Department College of Physicians and Surgeons.

Everett J. Royce of Emeryville was married yesterday in San Francisco to Miss Eva P. Boardman of Oakland.

Miss Florence E. Wells will entertain St. Hilde's Circle of King's Daughters this evening at her home on Grove street.

Three young ladies who have been prominent in the church and who are soon to leave for the southern part of the State to reside there in future, will be honored guests, namely, Miss Elizabeth Kinsey and Misses Heier and Ada Backus.

The wedding of Miss Kinsey and Melville Decker Jr. of Los Angeles will take place some time in January, when they will, of course, reside in the southern town. Miss Kinsey has been vice leader of St. Hilde's Circle for the last year, and the Misses Backus have also held responsible offices.

Senator George C. Perkins and Miss Percy Perkins expect to leave for Washington, D. C., on the 20th of this month.

Miss Ethel E. C. Wright of England is spending some days at the Metropole Hotel.

The Aloha Club has announced an entertainment and dance to be given on Tuesday evening, November 26, at Alcatraz Hall, for the benefit of the new building and gymnasium. The Committee of Arrangements consists of Gus Thaler, William E. McKernan, Charles Brock, Ed O'Neill and Charles Moon.

A pleasant entertainment was given last night in St. John's Episcopal Church by the members of the choir. Miss A. M. Sherman had charge of the arrangements and some good music was rendered, followed by refreshments.

Mrs. George D. Gray and the Misses Gray have issued cards for informal "at homes" to their friends on the second and fourth Mondays of the winter months at 1076 Bush street, San Francisco.

Horace H. Branson of this city expects to revisit his old home in Vermont on Thanksgiving day and to be present at the celebration of the hundredth birthday of his mother.

Miss Ruby McMahon was married in San Francisco Monday to Ray E. Allen. Both bride and groom are from Hayward.

A BOUQUET OF SMILES.

"But surely," urged Barlow, "seeing is believing."

"Not necessarily," responded Dobson; "for instance, I see you every day, but as to believing you—"Stray Stories.

Visitor—Who is that youngster?
Editor—That's our new office boy.
Visitor—Oh his face seemed familiar.
Editor—Perhaps it is; but his manner is more so.

He—I think a woman's club, to be successful, should aim at something far removed from "Female Suffrage."

She—I can't agree with you, I do. Have that should be its sole object.

He—Exactly. But if it aims at something else it is more likely to hit that.

He (at a swell restaurant)—You may have anything on the bill of fare, dearest. Shall I read it to you?

She—No, darling. Just read it to the waiter.—Chicago News.

Ascum—He's all broken out and looks quite badly. Do you think it's very serious?

Dr. Etice—No. In my opinion, it's just a hereditary humor.

Ascum—Nonsense! He's an Englishman.

"How vain you are, Effie! Looking at yourself in the glass!" "Vain, Aunt Emma? My vain? Why, I don't think myself half a good looking as I really am!"—Tit-Bits.

Wife—Well, John, I'll have to do the cooking now. The cook left without saying a word.

Husband—Not exactly without warning. She told me this morning I had better bring home some dyspepsia tablets tonight, but I didn't quite catch on to what she meant.—Judge.

BASEBALL GAME.

Owing to the unsettled state of the weather last Sunday the baseball game between the Bohemians and Foresters was postponed until next Sunday.

HAYWARDS CANNERY CLOSED.

The Pack This Year Was One of the Largest in the History of the Cannery.

HAYWARDS, Nov. 14.—After an exceptionally large run in fruit and vegetables Hunt Brothers' large cannery has closed down for the season. The total pack of this year amounts to 15,000 cases or 3,600,000 cans. The enormity of this pack can only be realized when it is known that, calculating six inches to a can, the combined length of the entire pack would measure 340 miles in length. This enormous amount of fruit has not all been shipped from the warehouse, but is being sent away at the rate of several carloads a day. A number of men are still employed about the place mending the cans and shipping the same to all parts of the world. It will take considerable time to empty the big warehouse which is still stacked high with thousands of cases of fruit.

NEWS NOTES FROM THE TOWN OF HAYWARDS.

HAYWARDS, Nov. 14.—R. E. Allen, son of the prominent physician of this place, was united in marriage to Miss Ruby McMahon on Tuesday afternoon in San Francisco. A little romance surrounds the affair which makes it doubly interesting. It appears that young Allen was desirous of completing his studies at a college in San Francisco. While there he met Miss McMahon and all thoughts of finishing his college course took wings. A courtship began which ended in the affair of Tuesday. The young bride, who is but 19 years of age, has a diploma as doctor of dentistry. The young people will take a short trip, after which they will reside either in this place or San Francisco.

THANKSGIVING PARTY.

The pupils of the Grammar school are arranging for a Thanksgiving party which will take place on the evening of the 24th of this month at the gymnasium in the Native Sons' building.

The young people are making great preparations for the affair, which will be the largest of its kind ever given by the pupils of the local school. Several committees are at work arranging the necessary details for the banquet which will be served.

BASEBALL GAME.

Next Sunday the P. & H. will meet the Independence team of San Francisco in a game of baseball which will equal the game between the local boys and the Reliance team, which took place several weeks ago.

The Independence team is made up of old players and University men, and the P. & H.'s are looking for a hard game. Following next Sunday's game the home team will again meet the Reliance aggregation. This game has been set for the 24th of this month.

STRUCK OIL ON AN ELMHURST HOMESTEAD.

ELMHURST, Nov. 14.—The report circulated about town that Edward Gage and Charles Harrison have struck oil while boring on their place has caused considerable excitement. The depth at which the first indication of oil was detected was 167½ feet. The owners expect to keep on boring several hundred feet deeper. The well is located in what is known as the High street district of Elmhurst.

ELMHURST PERSONALS.

ELMHURST, Nov. 14.—Mrs. James Huxley has gone to Vallejo, where she will remain with her husband.

J. Campbell has returned to his home in this place after spending the summer at Lake Tahoe, where he was engaged in business.

Mrs. T. Goss of this place was visiting in Alameda a short time ago.

The youngest son of John Hamilton has been seriously ill at his father's home for several days. The young man is beginning to improve, however, and it is thought that he is out of danger.

Knows no Distinction.

Rich and Poor Alike Suffer From Catarrh in This Climate.

All observant physicians have noticed the enormous increase in catarrhal diseases in recent years, and the more enlightened have cheerfully given their approval to the new internal

remedy, Stuart's Catarrh Tablets, as the most successful and by far the safest remedy for catarrh yet produced.

One well known catarrh specialist, as soon as he had made a thorough test of this preparation, discarded inhalers, washes and sprays and now depends entirely upon Stuart's Catarrh Tablets in treating catarrh, whether in the head, throat or stomach.

Dr. Risdel says, "In patients who had lost the sense of smell entirely, and even where the hearing has begun to be affected from catarrh, I have had fine results after only a few boxes' use of Stuart's Catarrh Tablets. I can only explain their action on the theory that the tablets destroy the catarrhal germs wherever found, because I have found the tablets equally valuable in catarrh of the nose and stomach as in nasal catarrh."

Dr. Estabrook says, "Stuart's Catarrh Tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes of mucus and speedily overcoming the hacking, coughing and expectoration."

A sufferer from catarrh will find Stuart's Catarrh Tablets will give immediate relief, and being in tablet form and pleasant to the taste, are convenient and always ready for use, as they can be carried in the pocket and used at any time, as they contain no poisonous drugs, but only the cleansing antiseptic properties of Eucalyptus bark, Gualacul, blood root and Hydrastis.

All druggists sell the tablets at 50 cents for complete treatment.

LIBERTY BAKERY

Money

Saved Here.

A lady said yesterday: "I have worn nothing but 'Sorois' Shoes for two years and I find that I have spent just about half the money for shoes that I formerly did in the same length of time. They are comfortable from the start and look well to the finish." Why not profit by this lady's experience?

40 Styles of Sorois Shoes, Sizes 1 to 9, Widths, AAA to E.

KAHN BROS.

THE ALWAYS BUSY STORE. N. E. 12th and Washington, OAKLAND.

LIGHT FOR SAN LEANDRO.

Suburban Company is Now Taking Orders to Wire Stores of Merchants.

SAN LEANDRO, Nov. 14.—Within a short time the town will be lighted with electricity. Representatives of the Suburban Electric Company are here and have already wired several of the leading places of business, so all that will be required when the main wires are run through on about the 23d of next month will be to connect them.

The Suburban Company's representative stated yesterday that his company had connected up the following places, all of which are receiving light except Niles, and by next week that place will also be using electricity: Mission San Jose, Irvington, Centerville and Alvarado.

San Leandro will be next on the list. It will be some time in December when the light will be turned on.

The following have had their places of business wired this week: H. E. Eber, J. Cunha, M. Znos and Jos. Gierwachen. Others will follow and the company expects to secure most of the principal places of business within a short time.

SAN LEANDRO BRIDGE IS ABOUT COMPLETED.

SAN LEANDRO, Nov. 14.—Yesterday the frame work surrounding the south parapet of the new bridge was removed, which practically completes the concrete work on the great arch. The parapet came out of its mold in fine shape, and the engineers are well pleased with the result. The iron posts located on the bridge are being wired for electric lights, which will be put in shortly.

There is just considerable filling in to be done before the bridge is completed for the winter. The concrete sidewalk and granite curbing will not be started until after the winter rains have thoroughly settled the fill. So far there has been but a slight settling of the filled-in portion of the bridge, but the heavy rains this winter will put it in excellent shape, after which the road-bed will be finished off.

REPAIRING STREETS.

A large gang of men are working on the San Lorenzo avenue. The street is being graded and put in first class condition. It is the intention of the Town Trustees to have all the streets put in good condition as soon as possible, and the work on San Lorenzo avenue is an excellent start towards the needed improvements.

How's This?

MISS CHABOT TO MARRY.

Henry Dieckmann Will Wed Miss Josephine Chabot in this City This Evening

There Will Be a Brilliant Social
Gathering at the Madison
Street Home

One of the brilliant social gatherings of the season is not for tonight, the residence of Mrs. Remi Chabot, on Madison street. The occasion for the gathering is the wedding of her daughter, Miss Ellen Chabot, and Henry Dickmann. Miss Chabot is a very handsome girl of the brunette type of beauty. She is one of the most talented of all the society girls, possessing a beautiful soprano voice which has been heard in many public places.

Henry Dickmann is one of the successful young business men of the city, and his engagement has been a source of much hearty congratulation among the friends of both.

The ceremony is to take place at half past 8 this evening, and the Chabot residence is being superbly decorated in honor of the event.

The ball room is decorated with quantities of gorgeous chrysanthemums in yellow and white, against background

The groom will be attended by his brother, Frederick Dieckmann, and Chas. D. Bates Jr., and the ribbon bearers will be Augustus Dieckmann, Philip Abbott,

The bride has chosen as her attendants her two sisters, Miss Kate and Miss Clara Chabot.

The groom will be attended by his brother, Frederick Dieckmann, and Chas. D. Bates Jr., and the ribbon bearers will be Augustus Dieckmann, Philip Abbott, Reuben Houk and Roger Bocqueraz.

The bride's gown is exceedingly handsome, of heavy white satin made with

The bride of rare point lace, an heirloom in the family for many years. The bride's bouquet will be of orange blossoms.

The bridesmaid's gowns are very exquisite creations in pale blue satin, beautifully trimmed with rare lace. They will carry bouquets of roses and orange blossoms.

The ceremony will be performed by Rev. Thomas McSweeney of the Church of St. Francis de Sales.

Following the usual informal reception, a wedding supper will be served by Hallahan.

The bride's table has been very daintily decorated, and shows a very pretty color study, with bride and bridesmaid roses and maidenhair fern.

Mrs. Chabot will also preside over a table which has been seated a company of her friends. The table will

how a pretty study of maidenhair fern leaves. The other guests will be served at small tables placed about the rooms. After an extended wedding trip Mr.

The list of wedding guests comprises the following names:

Mr. and Mrs. Charles Everson, Miss and Mrs. Arthur Goodhue, Mr. and Mrs. Montell Taylor, Mr. and Mrs. Wm. C. Ralston, Mr. and Mrs. A. A. length street; one at Fifteenth avenue and East Fourteenth street; one at Twenty-fifth avenue and East Fourteenth street; one at Twenty-second and Webster streets; one at Sixth and Brush streets; one at Fifth and Brush streets; one at Fourth and Castro streets; one at Fifth and Castro streets.

A gang of ten men have lately repaired the crosswalks and laid culverts on Telegraph avenue from Thirty-sixth street to the creek and also from the Adeline street to Temescal to Sixty-first street, and in some places the holes in the street have been filled with gravel taken from the creek. The men are now employed in Sun Taba's work on the creek to the northern boundary of the city.

★

TROUBLE FOR THE HAYWARDS PEOPLE.

Following an accident at the Piedmont power house yesterday, the Haywards are now only operating between East Oakland and Hayward. No notices were posted at Seventh street to inform patrons of the change, and a great deal of inconvenience was caused. The cars are now running from Seventh street as in the past.

★

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumed so bad that if I walked a block I would cough frightfully and spit blood, but, when all other remedies failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 35 pounds." It's absolutely warranted to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 30c and \$1.00. All bottles free at Osgood Bros.' drug store, corner Seventh and Broadway.

★

For a good soda call for Priest's. It the finest." Telephone John 836.

★

★

The D. Samuels' Lace House Co.

Directs attention to the unusual advantages it offers in the following departments, not procurable elsewhere:

VELVETS

Velvets are an immense feature this fall. We are direct importers and carry a tremendous assortment in all qualities and all shades. Corduroys and Velvetines in every desirable coloring. Our exclusive Pannu Velour is the richest, swell-est fabric ever displayed.

FINE LINGERIE

In choice hand made French Undergarments, we have no competitors on the Coast—individual pieces and sets—Ladies' gathering trousseaus should visit this department. Orders for initialing and monograms perfectly executed.

CORSETS

The "Theo" and "Fasso" Corsets are the two finest French corsets sold in America—We are the sole agents—We exhibit immediately the latest correct Paris models—expert fitters and perfect alterations free of charge.

GOWNS AND WRAPS

Visit our department for ready-made outside garments. We import directly exclusive high-class garments for street, opera, carriage, evening and dinner wear.
